

Do you have a loved one entering aged care?

When entering aged care, there are a number of complex decisions to be made relating to accommodation costs, keeping or selling the home and investing remaining funds. Making informed choices can help to lower aged care costs and maximise Age Pension entitlements.

We are well placed to help you make informed choices about aged care and understand what the financial impact may be.

It is best to seek advice sooner rather than later as the right advice can help avoid costly mistakes. The more time we have to prepare the better, so call Paul Zobonos today.

For financial advice about aged care, call 02 62623571

Your advice will be provided by Manifest Financial Wealth
